

2009-2010 College Scholarships

The following is a list of scholarship opportunities to assist you (high school students and parents) in your search. The list is a sample of available scholarships.

Hint: To narrow your scholarship search, use the Microsoft Word "Edit/Find" feature to search for key words of interest (e.g. women, engineering, medicine, health, music, African-American, sports, chemistry, etc).

Note: Scholarship listings are in alphabetical order not in order of deadline date.

A

American Association of University Women

1111 16th St. NW
Washington, DC 20036

American Society of Mechanical Engineers -ASME

Contact:
Marcelle Austin
Administrator, Foundation & Governance
ASME
Three Park Ave
New York, NY 10016-5990
Telephone: (212) 591-7733
Fax: (212) 591-7739

To recognize and reward students whose FIRST experience has inspired an interest in pursuing an engineering career, the ASME Foundation and the Auxiliary will award ten (10) \$5,000 scholarships to high school seniors active on FIRST teams, who are nominated by ASME members, ASME Auxiliary members, or student members who are also active with FIRST. These awards will be for the first year of study (non-renewable) in an accredited* Mechanical Engineering or Mechanical Engineering Technology program. The recipients will be announced at the FIRST National Championship.

Nomination and Student Eligibility

Members of ASME, including ASME Auxiliary members and student members, may nominate no more than one student each. Students must be:

Graduating high school seniors active on FIRST teams

Planning to enroll full-time in an ABET-accredited or substantially equivalent* mechanical engineering or mechanical engineering technology program, no later than the fall after their senior

year in high school.

Nomination Requirements

Applicants must complete The ASME Foundation-ASME Auxiliary FIRST Clarke Scholarship Application Form. Attached to the form should be the following:

A **nomination letter** from an ASME member, ASME Auxiliary member, or student member attesting to the student's technical, creative and leadership contributions to the FIRST team; Evidence of the student's outstanding **academic performance** (resume with GPA information or transcript are both acceptable); and

Financial Data worksheet (p.2 of downloadable Nomination form) as evidence of financial need.

Deadline and Submission Requirement: The nomination package should be e-mailed to austinm@asme.org **NO LATER THAN MARCH 15, 2008** or mailed and **POSTMARKED NO LATER THAN MARCH 15, 2008**

Quaker Oats Scholarship

Tel: (800) 331-2244

The Quaker Oats Scholarship in General Engineering.

To recognize a General Engineering student for academic and leadership achievements. With a history of providing broad-based educational support, The Quaker Oats Company takes particular pride in supporting top technical students and institutions. To that end, Quaker Oats created a General Engineering scholarship which highlights the academic and leadership achievements of General Engineering majors at the completion of their junior year. Another objective of the scholarship is to increase awareness among the student body about Quaker and the opportunities that may exist for General Engineers within a food manufacturing company.

SAE International Scholarships

For scholarship information, contact the Scholarship Administrator

(724)776-4970

scholarships@sae.org

BMW/SAE Engineering Scholarship

SAE Government/Industry Engineering Scholarship

Edward D. Hendrickson/SAE Engineering Scholarship

TMC/SAE Donald D. Dawson Technical Scholarship

Fred M. Young Sr./SAE Engineering Scholarship

Detroit Section SAE Technical Scholarship

Yanmar/SAE Scholarship

All applicants must:

Intend to enroll in an engineering program (refer to scholarship descriptors) accredited by ABET

Be a citizen of the United States (not permanent resident) at the date of application

Be a high school senior at the time of application (Sept. 1 - Dec. 1)

Meet minimum requirements with regard to grade point average, SAT I Reasoning Test and/or ACT scores as outlined in the individual requirements of each scholarship.

BMW/SAE Engineering Scholarship This annual scholarship is provided by BMW AG in recognition of its commitment to excellence in engineering. BMW is world famous for designing and building luxury, high-performance passenger cars and motorcycles. The company is also a leader in developing and manufacturing high technology, high performance internal combustion engines. This scholarship is in support of the SAE Foundation to ensure an adequate supply of well-trained engineers for the future.

Student Eligibility: Applicants must have a 3.75 grade point average, rank in the 90th percentile in both math and critical reading on SAT I or composite ACT scores, and pursue an engineering degree accredited by ABET.

Terms:One \$6,000 scholarship will be awarded at \$1,500 per year for four years. A 3.0 grade point average must be maintained to renew the scholarship.

Edward D. Hendrickson/SAE Engineering Scholarship Hendrickson International, a Boler Company, established an endowment to underwrite the scholarship in memory of the late Edward D. Hendrickson. Hendrickson was deeply committed to the truck industry and was considered one of the foremost authorities on truck suspensions in the nation. He was active in SAE, where he chaired local, regional, and national committees and published several papers on truck suspension systems.

Student Eligibility:Applicants must have a 3.75 grade point average, rank in the 90th percentile in both math and critical reading on SAT I or composite ACT scores, and pursue an engineering degree accredited by ABET.

Terms:One \$4,000 scholarship will be awarded at \$1,000 per year for four years. A 3.0 grade point average and continued engineering enrollment must be maintained to renew the scholarship.

SAE/Ford Partnership for Advanced Studies Scholarship The Ford Partnership for Advanced Studies (Ford PAS) Scholarship was developed by the Ford Motor Company Fund, as part of its efforts to encourage high school students to pursue their education and build successful careers in business, engineering, and technology. This annual scholarship is provided by Ford Motor Company to high school seniors who are a past or present student of a Ford PAS program at their high school or in a Ford PAS after-school/weekend/summer/college program. This scholarship is in support of the SAE Foundation to ensure an adequate supply of well-trained engineers for the future.

Student Eligibility:All applicants must be current high school seniors, seeking to pursue a bachelor/associate degree in engineering or technology, and planning to attend an accredited college or university in the United States in the fall of 2008. A 3.0 or better grade point average on a 4.0 scale is required. Two letters of reference are required; one must come from a Ford PAS instructor. The student must be a past or present student of a Ford PAS program at their high school or in a Ford PAS after-school/weekend/summer/college program.

Terms:One \$5,000 scholarship will be awarded in the freshman year only.

SAE Women Engineers Committee Scholarship The SAE Women Engineers Committee established this scholarship to encourage young women graduating from high school to enter the field of engineering. They are committed to increasing the diversity of SAE membership, especially by promoting the participation and leadership of women.

The 2008 scholarship is made possible through a generous donation from Mercedes-Benz USA, headquartered in Montvale, New Jersey. www.mbusa.com

Student Eligibility:Applicants must be female, have a 3.0 grade point average and be accepted into an ABET accredited engineering program.

Terms:One \$2,000 scholarship will be awarded for the freshman year only.

Tau Beta Pi/SAE Engineering Scholarship The Tau Beta Pi Association, the engineering honor society, is the world's largest engineering society. Founding in 1885 in Bethlehem, Pennsylvania, Tau Beta Pi has initiated more than 492,000 members in 122 years. Active collegiate chapters exist on 232 campuses across the nation. The dual purpose of the Tau Beta Pi is to recognize engineering students of superior scholarship and exemplary character and to foster a spirit of liberal culture in engineering colleges. Headquartered in Knoxville, Tennessee, the Association's largest national philanthropy is its fellowship program, which has provided \$4,565,000 in advanced-study grants to 870 students, and the scholarship program that has provided \$958,000 in awards to 479 engineering seniors.

Student Eligibility: Applicants must have a 3.75 grade point average, rank in the 90th percentile in both math and critical reading for SAT I scores or for composite ACT scores, and pursue an engineering program accredited by the engineering accreditation commission of the Accreditation Board for Engineering and Technology.

Terms: Six scholarships valued at \$1,000 each will be awarded for the freshman year only.

TMC/SAE Donald D. Dawson Technical Scholarship SAE and The Maintenance Council of American Trucking Association have established this technical education scholarship to honor the leadership of Donald D. Dawson. From his position as Vice President of Maintenance with Roadway Express, Mr. Dawson worked through SAE and TMC to merge the goals of truck equipment users and manufacturers. As a transport equipment manager, Mr. Dawson combined extraordinary technical understanding and knowledge with vision and foresight to develop practical solutions to equipment problems and vehicle design. A dedicated, lifelong student of his profession and technology, he encouraged professional development in those with whom he worked. This scholarship is intended to encourage the ideal of Mr. Dawson's respected technical competence in transport management.

Student Eligibility: High school seniors must have a 3.25 or higher grade point average, SAT I math 600 or above and critical reading 550 or above and/or an ACT composite score 27 or above. Transfer students from accredited four-year colleges/universities must have a 3.0 or higher grade point average. Students or graduates from post-secondary technical/vocational schools must have a 3.5 or higher grade point average and meet all other requirements of the engineering program to which they apply. Students must pursue an engineering degree program accredited by ABET. The scholarship application essay must include evidence of hands-on automotive experience or activity (ex: rebuilding engines, working on cars/trucks, etc.).

Terms: One scholarship will be awarded each year. The student will receive \$1,500 a year for up to four years as long as a 3.0 grade point average and continuing engineering enrollment is maintained.

Fred M. Young Sr./SAE Engineering Scholarship The Young Radiator Company established this scholarship in memory of the company's founder, Fred M. Young, Sr. Mr. Young started the company in 1927 and saw it grow to become a major force in the field of Heat Transfer. He had a high regard for the value of engineering in terms of its contribution to the success of society. He felt that the profession's nobility lay in its' focus on building rather than allocating the assets of the world and improving rather than administering the product of our work. Fred M. Young, Sr. was a life member of SAE and was elected to the Fellow grade of membership in 1982.

Student Eligibility: Applicants must have a 3.75 grade point average, rank in the 90th percentile in both math and critical reading on SAT I or composite ACT scores, and pursue an engineering degree accredited by ABET.

Terms: One \$4,000 scholarship will be awarded at \$1,000 per year for four years. A 3.0 grade point average and continued engineering enrollment must be maintained to renew the scholarship.

Detroit Section SAE Technical Scholarship Established in 2001, this scholarship is sponsored by the SAE Detroit Section to encourage children and grandchildren of current Detroit Section members to pursue careers in engineering or the sciences. The Section recognizes that there is a need for more student candidates in these fields, as a shortage of qualified graduates is expected in future years.

Student Eligibility: Applicants must be a child or grandchild of a current SAE Detroit Section member and intend to enroll in a two- or four-year engineering or science program at an accredited college or university. A minimum 3.0 grade point average and 1200 SAT i or 28 ACT composite score and demonstrated financial need is required. Student should include copies of FAFSA forms. Submit these forms separately to "SAE Scholarships" when they become available in January.

Terms: Two \$3,500 renewable freshman scholarship will be awarded. Student must maintain a 2.5 grade point average and remain in good standing at the college or university in order to qualify for scholarship renewal. A student having completed a two-year program may continue for an additional consecutive two years at a second school offering a complete engineering or science baccalaureate degree program.

**Applications must be post marked by December 1
Deadline extended to December 15**

Siemens Westinghouse Competition in Math, Science & Technology

Siemens Foundation

Contact: 170 Wood Ave South
Iselin, NJ 08830

Toll-free number: 877-822-5233

Fax: 732-603-5890

For more information and an application, visit <http://www.siemens-foundation.org>

Application Requirements/Description:

The Siemens Westinghouse Competition is open to all senior high school students who would like to submit an original science and math research project. You may enter as an individual (if you will be a senior in September), or as part of a team of two or three students (note: it is not necessary to have seniors on the team).

The Siemens Westinghouse Competition in Math, Science & Technology recognizes remarkable talent early on, fostering individual growth for high school students who are willing to challenge themselves through science research. Through this competition, students have an opportunity to achieve national recognition for science research projects that they complete in high school. Students may submit research reports either individually or in teams of two or three members. Impartial panels of research scientists from leading universities and national laboratories judge

the reports in the initial blind reading.

Students whose projects are selected for further competition, are invited to give an oral and poster presentation at one of the six regional events hosted by partner universities. At each of these regional competitions an individual and a team are selected as Regional Winners. These students receive scholarships and invitations to advance to the National Competition in Washington, D.C.

Note: Siemens scholarship may be used for any part of a student's post high school education including books, tuition, room and board, etc.

Successful competition participants may apply for valuable internships at Siemens operating companies.

Type of Award: Scholarships

Application Deadline: October

Amount of Award: 1,000.00 to 100,000.00

SMART-Science, Mathematics, and Research for Transformation

Contact: American Society for Engineering Education

1818 N Street N.W., Suite 600

Washington, DC 20036

Email: smart@asee.org

Phone: (202) 331-3544

Fax: (202) 265-8504

Web: www.asee.org

The Science, Mathematics And Research for Transformation (SMART) Scholarship for Service Program has been established by the Department of Defense (DoD) to support undergraduate and graduate students pursuing degrees in Science, Technology, Engineering and Mathematics (STEM) disciplines. The program aims to increase the number of civilian scientists and engineers working at DoD laboratories. The DoD offers this scholarship for service to individuals who demonstrate outstanding ability and special aptitude for a career in scientific and engineering research and product development, express interest in career opportunities at DoD laboratories and, are pursuing a degree in, or closely related to one of the following disciplines;

Aeronautical and Astronautical Engineering

Biosciences

Chemical Engineering

Chemistry

Civil Engineering

Cognitive, Neural, and Behavioral Sciences

Computer and Computational Sciences

Electrical Engineering

Geosciences

Information Sciences

Materials Science and Engineering

Mathematics

Mechanical Engineering

Naval Architecture and Ocean Engineering

Nuclear Engineering

Oceanography

Operations Research
Physics

Eligibility Requirements: *All* awardees must be a U.S. citizen, 18 years of age or older as of August 1, 2008, able to participate in summer internships at DoD laboratories, willing to accept post-graduate employment with the DoD, a student in good standing with a minimum cumulative GPA of 3.0 on a 4.0 scale (at all schools attended) and, pursuing an undergraduate or graduate degree in one of the fields listed above.

In addition;

Undergraduate applicants must be currently enrolled in a regionally accredited U.S. college or university (i.e. undergraduate applicants must be at least freshman to apply and can apply for funding for their sophomore through senior years only).

*Graduate applicants can be either currently enrolled in a regionally accredited U.S. college or university or awaiting notification of admission to such. If awaiting admission, you must be accepted for entrance in the fall 2008 term.

*Graduate applicants must have taken the GRE within 5 years of the application deadline. Subject tests are not required.

A SMART Program participant may not accept simultaneous remuneration from another major scholarship.

Annual stipend ranging from \$22,000-\$39,000 depending on prior educational experience

Full tuition and related education fees

Book allowance of \$1,000

Paid summer internships

Career opportunities after graduation

Deadline: The SMART online application is open each August through December. **The application will reopen August 15, 2008 and close December 15, 2008.** Awardees will be announced in the spring of 2009 and funding will begin August 2009. Please continue to visit this site for updates.

The Society of Plastics Engineers Foundation

Scholarship Program for the

2009-2010 School Year

Contact: The SPE Foundation an affiliate of the Society of Plastics Engineers

14 Fairfield Drive

Brookfield, CT 06804

Phone: +1 203-740-5447 Fax: +1 203-775-1157

Email: foundation@4spe.org Web: www.4spe.org

This application is also available online at www.4spe.org/foundation

The SPE Foundation, an affiliate of the Society of Plastics Engineers, offers numerous scholarships to students who have demonstrated or expressed an interest in the plastics industry. They must be majoring in or taking courses that would be beneficial to a career in the plastics industry. This would include, but is not limited to, plastics engineering, polymer science, chemistry, physics, chemical engineering, mechanical engineering, and industrial engineering. All applicants must be in good standing with their colleges. Financial needs is considered for most scholarships.

While most scholarships do not require specific knowledge or have special criteria, some scholarships are limited in scope. See the section below entitled Special Scholarships to determine if you are eligible to apply. Please be sure to include the specific information that is required to be submitted with your application.

The SPE Foundation General Scholarships

Foundation Scholarships - Multiple undergraduate and graduate scholarships range up to \$4,000 annually. Scholarships are awarded for one year only, but applicants may apply for a re-award for up to three additional years.

Detroit Section/Thomas E. Powers Scholarship - One undergraduate award of \$4,000 is made annually.

Detroit Section/Robert G. Dailey Scholarship - One undergraduate award of \$4,000 is made annually.

Injection Molding Division Scholarship - One award of \$3,000 will be made annually to a graduate or undergraduate student. Applicants must have experience in the injection molding industry, such as courses taken, research conducted, or jobs held.

Robert E. Cramer/Product Design & Development Division/Mid-Michigan Section Scholarship - One undergraduate award of \$1,000 is made annually.

Ted and Ruth Neward Scholarships - Three undergraduate or graduate awards of \$3,000 are made annually to citizens of the United States.

Polymer Modifiers & Additives Division Scholarships - Three \$4,000 undergraduate awards are made annually.

Thermoplastic Materials & Foams Division Scholarship - One undergraduate award of up to \$2,500 will be made.

Vinyl Plastics Division Scholarship - One \$3,000 undergraduate award will be made annually. Preference will be given to applicants with experience in the vinyl industry, such as courses taken, research conducted, or jobs held.

The SPE Foundation Special Scholarships

Blow Molding Division Memorial Scholarships - (in memory of Carrie Fox Solin and John Raymond) - Up to two awards of \$8,000 (payable over 2 years) will be made. Applicants must be completing the second year of a 4-year undergraduate plastics engineering program and be a member of an SPE Student Chapter.

**The SPE Foundation
Scholarship Program for the
2009-2010 School Year**

Composites Division/Harold Giles Scholarship - One undergraduate or graduate award of \$1,000 is made annually. Applicants must have experience in the composites industry, such as courses taken, research conducted, or jobs held.

Extrusion Division/Lew Erwin Memorial Scholarship - One award of \$2,500 is made each year to support undergraduate or graduate research in the field of polymer extrusion. Applicants must be working on a Senior or MS project which the scholarship will help support.

Fleming/Blaszczak Scholarship - This \$2,000 scholarship is available to full-time undergraduate students at a 4-year college or students enrolled in a graduate program. Applicants for this award must be of Mexican descent and citizens or legal residents of the United States.

Gulf Coast Hurricane Scholarships - One four-year university scholarship of \$6,000 (funds distributed on a yearly basis) and two two-year junior college or technical institute

scholarships of \$2,000 (funds distributed on a yearly basis) are available. Applicants for this scholarship must have been a resident of a Gulf Coast County declared a national disaster area due to the impact of Hurricane Katrina, Rita or Wilma in 2005, and must be attending school in a Gulf Coast State (Florida, Alabama, Mississippi, Louisiana, Texas).

K. K. Wang Scholarship - One award of \$2,000 will be made to a graduate or undergraduate student. Applicants must have experience in injection molding and computer-aided engineering (CAE), such as courses taken, research conducted, or jobs held.

Pittsburgh Section Scholarships - Up to two awards of \$2,000 each to graduate or undergraduate students. Applicants must have graduated from a high school in one of the following western Pennsylvania counties: Allegheny, Armstrong, Beaver, Bedford, Blair, Brooke, Butler, Cambria, Clarion, Clearfield, Fayette, Greene, Hancock, Indiana, Jefferson, Lawrence, Mercer, Somerset, Venango, Washington or Westmoreland.

Plastics Pioneers Association Scholarships - Multiple \$3,000 scholarships are available for undergraduate students, including those enrolled in associate degree or technical degree programs, who are committed to becoming “hands-on” workers in the plastics industry – students who are dedicated to careers as plastics technicians or engineers.

Thermoforming Division Memorial Scholarships - Multiple scholarships up to \$7,500 are awarded annually to graduate or undergraduate students, including those enrolled in associate or technical degree programs. Applicants must have experience in the thermoforming industry, such as courses taken, research conducted or jobs held.

Thermoplastic Elastomers Special Interest Group Scholarship - One award of \$1,000 will be made annually to a graduate or undergraduate student. Applicants must have experience in the thermoplastic elastomers industry, such as courses taken, research conducted, or jobs held.

Thermoset Division Scholarships - Two awards of \$1,500 are available - one for a graduate student and one for an undergraduate student. Applicants must have experience in the thermoset industry, such as courses taken, research conducted or jobs held.

Western Plastics Pioneers Scholarship - One award of \$1,000 is available for undergraduate students, including those enrolled in associate degree or technical degree programs. Applicants must be attending school in Arizona, California, Oregon or Washington state.

Complete Application Guidelines

General Eligibility Requirements

1. Applicants for all Foundation scholarships, unless otherwise specified, must be full-time undergraduate students in either a four-year college or a two-year technical program or enrolled in a graduate program (for those scholarships available to graduate students).
2. Applicants must have demonstrated or expressed interest in the plastics industry.
3. Applicants must be majoring in or taking courses that are beneficial to a career in the plastics/polymer industry.
4. Applicants must be in good academic standing with their schools.
5. Financial need of applicants will be considered for most scholarships.

Deadline and How to Apply

Applicants must complete an application and return it to The SPE Foundation by January 15, 2009 (the deadline for the Extrusion Division/Lew Erwin Memorial Scholarship is March 1, 2009). Visit website for complete information and application.

T

Target All-Around Scholarships

Contact: www.target.com;

Eligibility: Recipients of this award are chosen by an independent organization, not by Target employees. They base their decision on the student's volunteer record, an essay on volunteer service, and an appraisal form filled out by a volunteer supervisor. The minimum GPA is 2.0 and preference is given to students living in an area where a Target store is located. Must be under the age of 24.

Award: Varies;
